Seat number	Passenger
24A	Kelly Evans

Booking number	13321114
Cabin	Economy
Baggage allowance	20 kgs
Sequence	88

YOU'VE CHECKED-IN - WHAT NEXT?

Hold baggage: Simply head to a bag drop desk at the airport – check the airport screens to find out where they are. If your luggage allowance is more than 25kg, remember to split the weight between several bags. Reason being, the maximum weight for one piece of checked-in luggage is 25kg.

On time departure: The bag drop desks are open at least 2 hours before your plane is due to take off, and close 45 minutes before your flight. Customers with no bags who go straight to the departure gate, the boarding gate will close 45 minutes before your flight departs.

Hand baggage: We've made temporary changes to our hand luggage allowances due to COVID-19. Please visit

Photo ID: Passengers must have a valid piece of ID with a photograph - an international passport or EU national ID. EU national IDs must be valid in the country you're going to.

Special assistance: If you need special assistance and haven't already told us or your tour operator, you'll need to arrange it with us at least 48 hours before you fly.

Liquids in hand baggage: There are restrictions on the amount of liquids you can have in your hand luggage. Containers must hold no more than 100ml each and be placed in a single, transparent, re-sealable plastic bag. The bag can hold no more than a litre and measure approximately 20cm x 20cm. You can only take one plastic bag per person.
